**LETTER OF APPROVAL WITH MODIFICATION(S)**

Dominion Energy Transmission Inc.  
Leslie Hartz, VP Pipeline Construction  
707 East Main St  
Richmond, VA 23219

RE: Project Name: Dominion Energy Transmission Inc. on Behalf of  
Atlantic Coast Pipeline LLC  
Acres Approved: 1018  
Project ID: CUMBE-2018-036  
County: Cumberland, Robeson, Sampson City: Wade (multiple) Address: Mutipal St.  
River Basin: Cape Fear  
Stream Classification: Other  
Submitted By: Scott Robinson (PE)  
Date Received by LQS: November 21, 2017  
Plan Type: Industrial

Dear Mrs. Hartz:

This office has reviewed the subject erosion and sedimentation control plan. We find the plan to be acceptable and hereby issue this Letter of Approval. The enclosed Certificate of Approval must be posted at the job site. This plan approval shall expire three (3) years following the date of approval, if no land-disturbing activity has been undertaken, as is required by Title 15A NCAC 4B .0129.

Please be aware that your project will be covered by the enclosed NPDES Construction Stormwater General Permit NCG010000. Please become familiar with all the requirements and conditions of this permit in order to achieve compliance.

Title 15A NCAC 4B .0118(a) requires that a copy of the approved erosion control plan be on file at the job site. Also, this letter gives the notice required by G.S. 113A-61.1(a) of our right of periodic inspection to insure compliance with the approved plan.

North Carolina's Sedimentation Pollution Control Act is performance-oriented, requiring protection of existing natural resources and adjoining properties. If, following the commencement of this project, the erosion and sedimentation control plan is inadequate to meet the requirements of the Sedimentation Pollution Control Act of 1973 (North Carolina General Statute 113A-51 through 66), this office may require revisions to the plan and implementation of the revisions to insure compliance with the Act.

Acceptance and approval of this plan is conditioned upon your compliance with Federal and State water quality laws, regulations, and rules and receipt of information requested in the Modification(s) Required for Approval. In addition, local city or county ordinances or rules may also apply to this land-disturbing activity. This approval does not supersede any other permit or approval.

Please note that this approval is based in part on the accuracy of the information provided in the Financial Responsibility Form, which you provided. You are requested to file an amended form if there is any change in the information included on the form. In addition, it would be helpful if you notify this office of the proposed starting date for this project. Please notify us if you plan to have a preconstruction conference.

Your cooperation is appreciated.

Sincerely,

Timothy L. LaBounty  
Regional Engineer  
DEMLR – Fayetteville Regional Office
